

### **Meet Brian**

As senior vice president and general manager of Cerner Government Services, Brian Sandager oversees the strategic development and delivery of federal businesses, focusing on the delivery of interoperable electronic health record (EHR) for the Department of Defense (DOD) and Department of Veterans Affairs (VA).

He makes an impact on Cerner's federal and commercial clients by focusing on innovative strategies to modernize healthcare information and technology in the federal market.

### **Leadership experience**

Brian joined Cerner in 2001 and has more than 20 years of experience leading change in health systems across the U.S. and globally.

In his previous role, he served as vice president and chief information officer (CIO) of Circle Health, a Cerner ITWorks client. In his role as client leader, he focused on the development and implementation of technology solutions to

help achieve Circle Health's vision of Complete Connected Care.

In addition to client leadership responsibility, Brian led key health initiatives with Detroit Medical Center, Northwestern Memorial, Karmanos Cancer Institute, and the University of New Mexico. Brian also served as managing director of Cerner's Central European business supporting clients across Germany, Austria, Switzerland, and Scandinavia.

### **Accomplishments**

Brian is a graduate of the University of Kansas and has a bachelor of science in business administration. Prior to focusing on healthcare, he was a financial analyst on Wall Street overseeing equity and fixed income analysis.

In 2020, Brian won WashingtonExec's 2020 Chief Officer Award for Public Company Chief Operating Officer of the Year.
